

Welcome to GCHSP Research & Innovation Conference 2024

Programme

8.30 – 9.00	Coffee and Arrival
9.00 – 9.15	Welcome and Introduction <i>GCHSP Director Professor Ruth Frikke-Schmidt MD</i>
9.15 – 9.45	Keynote: Emerging Technologies in Fundamental Research Therapeutic Drug Monitoring and Ingestible Devices for Drug Delivery/Gut Sampling <i>Professor Anja Boisen, Technical University of Denmark</i>
9.45 – 10.25	CAG Short Research Presentations CAG ACUTE Implementation Research – Why should you care? <i>Senior Researcher Jeanette Wassar Kirk MSN</i> CAG IGCS From Bench to Bed – Development of a Targeted Tracer for Optical-guided Cancer Surgery <i>PhD Student Amanda Øster Andersen MD</i> CAG CHILD The Danish MMR Trial: A double-blind, Placebo-controlled RCT on Measles-Mumps- Rubella (MMR) – Vaccination at 5-7 months of age <i>Postdoc Dorthe Vittrup MD</i> CAG ROAD From Bench to Barn to Bedside: Large Animal Models in Osteoarthritis Stem Cell Research <i>DVM PhD Lise Berg</i>
10.25 – 11.00	Coffee and Networking
11.00 – 12.00	CAG Short Research Presentations CAG ALLERGY Molecular Aspects of Hand Eczema and Implications for Treatment <i>Anna Sophie Quaade MD</i> CAG ZIRI The General Suburban Population Study and the CHIP Cohort <i>PhD Morten Kranker Larsen MSc.</i> CAG POS Innovate Approaches Using AI Models and Anti-of CS Drug Conjugates to Advance CRC Therapy <i>Assistant Professor Mette Ørskov Agerbæk MSc.</i> CAG BACINFECT on Novel Strategies to Diagnose and Treat Bacterial Infections <i>Senior Researcher Ruggero La Rosa MSc.</i> CAG HEMATOLOGY Translational Research and Perspectives in Hematology – It Takes Time... <i>PhD Jakob Werner Hansen MD</i> CAG ENDO From Mathematical Modeling of Endothelial Phenotypes to Personalized Interventions in Shock Patients – A Novel Approach <i>PhD Hanne Hee Henriksen MD</i>
12.00 – 12.10	Celebration – CAG 2024!

12.10 – 13.00	Lunch and Networking
13.00 – 13.30	<p>Keynote: Emerging Technologies from Fundamental Research</p> <p>AI in Clinical Practice <i>Professor Mads Nielsen, University of Copenhagen</i></p>
13.30 – 14.30	<p>CAG Short Research Presentations</p> <p>CAG LOGINFLAM Periodontal Treatment of Patients with Rheumatoid Arthritis: A Randomized Controlled Clinical Intervention Study <i>DDS PhD Christian Damgaard</i></p> <p>CAG CARDIOLOGY Predictive Algorithms in Clinical Practice: Opportunities and Challenges <i>Associate Professor Iben Mundbjerg Gjødsbøl</i></p> <p>CAG AGING Frailty a Clinical Marker of Ageing <i>Clinical Associate Professor Martin Schultz MD</i></p> <p>CAG SCIN on Advancing Skin Cancer Care with Mass Spectrometry <i>PhD Associate Professor Catharina Margrethe Lerche MSc.</i></p> <p>CAG MICROBIOME on Restoration of the Gut Microbiome (RestoreGut) after Birth by Cesarean Section <i>PhD Student Kaare Tranæs MSc.</i></p> <p>CAG BAT on Transforming Care with Digital Pathways <i>PhD Researcher Christian Riberholdt</i></p>
14.30 – 15.00	Coffee and Networking
15.00 – 15.50	<p>CAG Short Research Presentations</p> <p>CAG imPact Interactions Between Aerobic Training and GLP-1 Receptor Agonist Treatment in Type 2 Diabetes <i>PhD Arthur Ingersen</i></p> <p>CAG CBIO on A General Purpose AI Model for Oncology <i>Postdoc Iñigo Prada-Luengo MSc.</i></p> <p>CAG SHIFT Can Exercise Limit Weight Regain after Obesity Medication? <i>PhD Postdoc Simon Birk Kjær Jensen MSc.</i></p> <p>CAG SURF Regenerative Medicine for Urogenital Surgery and Fertility - Sharing some experiences and sampling two CAG SURF supported projects <i>PhD Student Amy Kaucher MSc.</i></p> <p>CAG PSYCH Prediction Models Aiding Clinicians in Preventing Acute Psychiatric Readmissions <i>PhD Student Enric Coppulo MSc.</i></p>
15.50 – 16.30	<p>Panel debate: Excellent Translational Research – Impact on the Future Care of Patients</p> <p>Provost, Rasmus Larsen, DTU - The Technical University of Denmark</p> <p>Dean, Bente M. Stallknecht, University of Copenhagen, Faculty of Health.</p> <p>Regional Chief Executive, Erik Jylling, Capital Region of Denmark.</p> <p>Regional Chief Executive, Jesper Gyllenborg, Region Zealand.</p> <p><i>Moderator: Journalist Nynne Bjerre Christensen</i></p>
16.30 – 16.45	<p>Future Perspectives for GCHSP and Closing Remarks</p> <p><i>GCHSP Director Professor Ruth Frikke-Schmidt MD</i></p>
